## A new chapter

There were huge smiles all around in the Romulus Library Monday when city officials, staff members, Friends of the Library and residents celebrated the grand re-opening of the facility. The library was closed May 1 while the Friends of the Library, and city officials worked to reorganize and find funding to keep it operating. Sylvia Makowski, president of the new five-member Romulus Municipal Library Board and the Friends of the Library group, said there is now enough money to keep the library through this year. Huron Township has now joined the Romulus library and will pay a portion of the annual budget.
